SUMMARY

Versatile professional with experience in web development, database management, and data analytics. Skilled in React.js, SQL, HTML, CSS, and machine learning to build data-driven, user-focused solutions. Adept at combining technical expertise and creative design to deliver efficient systems and engaging user experiences.

WORK EXPERIENCE

AI & Machine Learning Developer - VisionAI Labs May 2024 to June 2025

- Built and trained machine learning models for classification, detection, and prediction tasks.
- Developed data pipelines for cleaning, preprocessing, and analyzing large datasets.
- Developed computer vision solutions for image recognition and object detection.
- Deployed ML models into production environments using APIs and lightweight frameworks.
- Partnered with teams to translate business requirements into machine learning models.

Web Developer - CodeLink Solutions February 2022 to April 2024

- Built responsive web applications using JavaScript, HTML, CSS, and modern frameworks.
- Built and maintained backend features using Node.js and REST APIs.
- Optimized site performance, improving load times and overall user experience.
- Integrated third-party services such as payment gateways, authentication, and analytics.
- Debugged issues, applied updates, and implemented new features based on client needs.

EDUCATION

Bachelor of Science in Computer Science July 2020 - May 2025
Western Mindanao State University

- Magna Cum Laude*
- Thesis on "AI Fruit Recognition Mobile App with Voice Activation and Smart Counting"

PROFESSIONAL SKILLS

- Frontend Development
- Backend Development
- UI/UX Design
- Project Management
- Data Analytics
- Machine Learning

TECHNICAL SKILLS

- Languages: Python, JavaScript, SQL, C#, HTML, CSS
- Frameworks & Tools: React.js, Node.js, Git/GitHub
- Databases: MySQL, MongoDB, MariaDB
- Data & Analytics: Jupyter, Power BI, Pandas, Excel
- Design: Bootstrap, Tailwind
- Machine Learning: YOLO
